In Heaven's Name, Why On Earth?

A New Testament approach to stewardship and life management, this course underscores how Jesus taught that we don't own anything; we merely manage what belongs to God!

Christmas: The Real Story

The Bible tells a very adult story of Jesus' birth. Social outcasts and Gentiles were honored witnesses; a powerful king became fearful and murderous. This course explores these issues, and re-examines traditional Western assumptions about the first Christmas in the context of Middle Eastern customs and culture. An ideal study during Advent, it also makes a great Christmas gift.

#4203 – Leader's Package \$4.95

#4230 – DVD \$19.00

This little blue marble has a hand-applied colored relief map of the world, melted and fired onto a ceramic glass ball. It shows that we are all one people co-existing on a small planet in the great universe. It's a vivid teaching aid that inspires people to grapple with the questions: where do we fit into the cosmos and who really is our neighbor?

"The Earth Marble has also been very effective when I have the kids think about where they live and who is their neighbor. Kids LOVE the marbles, and LOVE telling others about their meaning. Younger kids are jealous – they have to wait until they are in confirmation to get a marble."

--Pastor Mary Ronning Gilthvedt, Grygla, MN
