

The Divine Drama

“This is the best of any other publisher’s curriculums that I have researched. The breadth and width of the Bible is finally understood by people. The biblical narrative becomes clearer, the entire Bible makes sense, God’s plan for the world and salvation becomes real, and the whole picture comes together.”

- Pastor Larry R. Baird
Cornerstone UMC District Office

“I use this course for confirmation 7th and 8th graders with parents required to be there. I would not do it any other way, and have noticed less fall-out for church attendance and participation after I’m done with the program.”

“TDD is making people think and relate their faith to the big picture of life. So often we hear and read passages from the Bible without seeing how they tie into God’s overall purposes. This study helps our people grow in faith, biblical knowledge, and the desire to serve God.”

- Mr. Richard Sherratt

“The Old Testament comes alive! This study is an orderly, systematic approach to recognizing the themes of the Bible, and a way for people to gain an understanding of how the Old Testament connects with the New Testament. Thank you for TDD which helps us ‘open our Bibles’ for greater knowledge about the true meaning of Scripture.”

- Pastor Ronald Engel

“A good tour guide can make all the difference ... I am delighted to report that Dr. Harry Wendt, author of *The Divine Drama*, is a wonderful tour guide for exploring the treasure-filled world of the Bible. He points out what is important to see in Scripture, gives very helpful background information, and then invites class participants to enjoy looking around with a better understanding of what they are looking at. This is the best opportunity I have seen in years to go through the Bible and experience its wonders.”

- Pastor Carl Hoppman
St. Luke’s Lutheran Church
Sacramento, CA

“I expected 20 people to come, and 42 showed up! That was how it began at our church. Exciting! Everyone likes TDD very much because of how all the biblical themes are tied together. It is easy for them to follow and to see the relationship between the Old and New Testaments.”
