

Area Representatives

The following talented people are Crossways International's Area Representatives. They have partnered with us for many years and are well versed in our materials. They have taught our courses in the context of their varied ministries – and are available to discuss materials, teaching hints, etc. Several of them are able to present workshops in your area. Please call our office if you'd like to personally contact one of our Representatives. (800) 257-7308; (952) 832-5454 info@crossways.org
