In Heaven's Name, Why on Earth?

This three-unit study of Christian stewardship challenges us to rethink our understanding of how we are to manage our lives and resources according to biblical tenets. We have, in effect, been given nothing, but merely manage what belongs to God—that is, the time, talents, body, and life with which God has entrusted us.

Christmas: The Real Story

The Bible tells a very adult story of Jesus' birth. Social outcasts and Gentiles were honored witnesses; a powerful king became fearful and murderous. This course explores these issues, and reexamines traditional Western assumptions about the first Christmas in the context of Middle Eastern customs and culture. An ideal study during Advent; also makes a great Christmas gift.
